OFFICE OF LEGISLATIVE COUNSEL

Monday - 18 May 1970

1. (Secret - GLC) Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and reviewed with him arrangements for tomorrow's budget hearing. Woodruff was not sure that the session would go over to the afternoon and said if it would be more convenient for the Director they could carry the morning session until 1:00 p.m. in hopes that an afternoon session would not be necessary. He mentioned that a question might be raised on the Radios. He feels that a cut is inevitable and that the Radios are the logical items to look to. He said if the Director had any problems with a discussion on the Radios to let him know. He also said that we should expect a question on what effect a SALT agreement would have on us. All of the above was passed on to Colonel White and Mr. Clarke.
2. (Unclassified - GLC) Left for Ed Braswell, Senate Armed Services Committee staff, a new book of page-size maps and a number of separate small maps on Laos, Cambodia, Vietnam, and Indochina.
3. (Unclassified - GLC) Picked up from the Senate Constitutional Rights Subcommittee a copy of S. 782 as amended in the Judiciary Committee.
4. (Unclassified - GLC) Powell Moore, on the staff of Senator Richard Russell (D., Ga.), called in regard to a constituent inquiry about Agency financial support of the National Student Association. I told Moore that all Agency support of the National Student Association has been terminated for some time and I said I would get him a copy of the Katzenbach report which might be useful to him in responding to this inquiry.

13. [] Senator Ernest Hollings called to ask for a "ball park" figure on the number of North Vietnamese and Viet Cong combatants in South Vietnam. After checking with SAVA, I called back to say that the figures were roughly 105,000 to 125,000 North Vietnamese and 70,000 to 90,000 Viet Cong. I explained that they varied depending on movements into and out of Cambodia. []
